

# CROSSMATCH TECHNOLOGIES

## CHILD IDENTIFICATION SOLUTION

### CHILD IDENTIFICATION

According to the FBI's National Crime Information Center, a great majority of people reported missing to US law enforcement agencies were juveniles.

#### WHY IT'S IMPORTANT TO YOU

Remember the children that disappeared and never came home? They were the victims of a crime that is often overlooked and underreported. It's time to take action.

One of the best ways to protect your child is to use a service that can help you identify missing children. Crossmatch Technologies is the only service that can do this.

It's important to protect your child's identity. Crossmatch Technologies is the only service that can do this. It's important to protect your child's identity. Crossmatch Technologies is the only service that can do this.
